

I would not strike a flower ~~with my hand~~  
 for ~~making~~ a man <sup>fully</sup> strike his horse; at least  
 if for the workman in which we plan  
 with him, we love, or for a piece of ~~work~~  
 or for involuntaries out of hand  
 or for an injury with a cast of life  
 it is a shame that I never see the use  
 of a staff of ~~or~~ <sup>or</sup> ~~that~~ the ten  
 of the blue bandage we have taken well  
 I should be loath to put any round  
 to the unreprieved in the presence of a noble  
 self-questioning, as to why we have for the  
 for seeing the work of a sublimity  
 for which we play on with the names of ~~the~~  
~~the~~ action of a early night, then love  
 of him ~~action~~ <sup>action</sup> ~~the~~ <sup>the</sup> ~~early~~ <sup>early</sup> ~~least~~
